United States Code. The United States Code contains a consolidation and codification of the general and permanent laws of the United States arranged according to subject matter under 50 title headings, largely in alphabetical order. It sets out the current status of the laws, as amended, without repeating all the language of the amendatory acts except where necessary.

Federal Laws - United States Coast Guard

by Richard Nordquist. Updated June 22, 2018. The linguistic term codification refers to the methods by which a language is standardized. These methods include the creation and use of dictionaries, style and usage guides, traditional grammar textbooks, and the like.
