Full workshop capabilities for repairing and overhauling carburetors. We can carry out on-car or off-car overhauls of carburetors, using a test facility which enables us to test run the carburetor on an engine equivalent to the size of the motor.

### **carburetor and fuel injection services,carburetor ...**

A carburetor (American English) or carburettor (British English) is a device that mixes air and fuel for internal combustion engines in the proper air-fuel ratio for combustion. It is sometimes colloquially shortened to carb in the UK and North America or carby in Australia. To carburate or carburet (and thus carburation or carburetion, respectively) means to mix the air and fuel or to equip ...

### **Carburetor - Wikipedia**

Hi Guys, don't understand what peoples problem is, after reading your reports and suggestions, you obviously are a company with scruples. Anyway, I was considering the single carb option on my 1975 GL1000 as after having my carbs rebuilt the offside front one still cuts out, it seems from lack of fuel supply, I will keep going after your comments and hopefully sort it out.
