I received a heads up a little over a month ago that Milliman Care Guidelines had been adopted by CMS to determine appropriate level of care. I scoffed at the concept because federal guidelines that you and I get to review as proposed rule before they become final would certainly not be overridden with private company standards without little or no warning.

Septoplasty is a surgical procedure performed entirely through the nostrils, accordingly, no bruising or external signs occur. The surgery might be combined with a rhinoplasty, in which case the external appearance of the nose is altered and swelling/bruising of the face is evident. Septoplasty may also be combined with sinus surgery.
